## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Papel. These drugs are listed as TO BE REVIEWED. Drugs required prior authorization requires forms can be found as

reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services/prescription-dru

Yellow shade signifies a new product being added as a new to market Non-Preferred product **OR** current coverage is being clarified

Orange shade signifies a significant change to the drug, category, or a clinical recommendation

Pink Shade signifies an Off-Cycle PDL move from Preferred to Non-Preferred or vice versa

Green shade signifies a Brand / Generic switch within the same category

Peach shade signifies categories that will be open for discussion even though there are no recommendations in that category

Purple shade signifies a product either no longer covered (rebatable) or no longer available from the manufacturer

	ALZHEIMER'S AGENTS
Preferred	Non-Preferred
donepezil 5mg, 10mg tablet / ODT (generic for Aricept® / ODT)	Aduhelm <sup>™</sup> Vial Clinical Criteria Apply
Exelon® Patch	Aricept® Tablet
memantine tablet / titration pack (generic for Namenda®)	donepezil 23mg tablet (generic for Aricept <sup>®</sup> )
rivastigmine capsule (generic for Exelon®)	galantamine ER capsule / solution / tablet (generic for Razadyne® / ER)
Treasugnanc capsuic (generic for Excion )	memantine ER capsule / solution (generic for Namenda® XR / Solution)
	Namenda® Titration Pack / XR Capsule / XR Titration Pack
	Namenda® Tablet
	Namzaric® Capsule / Titration Pack

## **Effective DATE: 10/01/2022**

#### Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to

trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until

reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services/parents-services/programs-serv

# **Effective DATE: 10/01/2022**

## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

Sodium-Glucose Co-Transporter 2 (SGLT2) Inhibitor and Combinations

For use in type 2 diabetes mellitus, requires trial and failure or insufficient response to metformin containing products (except for beneficiaries with ASCVD, heart failure, or CKD) unless contraindicated or documented adverse event when using either a preferred or a non-preferred SGLT2 Inhibitor and Combination. When the primary indication is heart failure, no trial and failure of metformin-containing products is required.

## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services">https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services</a>

## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services/pharmacy.html">https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services/prescription-drugs/

## Revised 2.24.2023 for off-cycle changes only; Full update to be posted 4.1.2023

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: <a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services">https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services</a>

ANTIPARASITICS

Trial and failure of o	nly one preferred drug required
Preferred	Non-Preferred
Natroba® Topical Suspension	Crotan Lotion
permethrin cream (generic for Elimite®)	Elimite® Cream
permeanin cream (generic for Eminite )	Eurax® Cream / Lotion
	ivermectin lotion (generic for Sklice® Lotion)
	lindane shampoo
	malathion lotion (generic for Ovide®)
	Ovide® Lotion
	Sklice <sup>®</sup> Lotion
	spinosad topical suspension (generic for Natroba®)
	I NTIVIRAL
Preferred acyclovir ointment (generic for Zovirax® Ointment)	Non-Preferred
	acyclovir cream (generic for Zovirax® Cream)

#### DIABETIC SUPPLIES

N.C. Medicaid only covers, at point of sale, the designated preferred products listed below for blood glucose meters, diabetic test strips, control solutions, lancets, and lancing devices for Medicaid-primary recipients and Health Choice-primary recipients (dually eligible and third-party recipients are not affected). These products are covered under the Outpatient Pharmacy Program and can be submitted to the pharmacy point-of-sale system with a prescription. Diabetic supplies, including other brands, can also be submitted under Durable Medical Equipment using the NDC and HCPCS code. Beneficiaries are allowed 1 covered meter every 2 years (730 days). For questions or assistance regarding diabetic supplies for Medicaid Direct members, please call the NC Tracks call center at 1-800-688-6696. \*All blood glucose meters are billed using the NC Medicaid Free BIN Meter program. BIN 610524, PCN 1016, Group 40026479, ID 066499643.\*
